WHERE IS IT LOCATED?

”Our school is located on the north-eastern edge of the Bielawy estate. In common opinion, this part of the city is considered an oasis of peace and greenery. Despite the changes, especially the development of communication routes, the area has retained its cosy atmosphere, matching the name of the street where the school is located.”

**WHAT SPORTS do
our students train here?**

Briefly about this discipline:

Formerly it was a form of water transport, it involves putting a boat in motion through the water using the strength of the muscles of a person who is using oars as a straight lever. The oarsman/rower sits with his back facing the direction of the boat's motion.

There are many types of categories, but the basic units are: 1x, 2x, 4x, and 8x+, where the number corresponds to the number of people who row.

ROWING

FUN FACT: Although the school has established direct cooperation with the **Lotto Bydgoszta rowing club**, our school is also attended by rowers from other Bydgoszcz rowing clubs.

ROWING

Canoeing was once a form of water transport, but now students from our school compete in this sport. This discipline is divided into kayaks and canoes.
